### Industrial Visit

**Balmer Lawrie & Co. Ltd. in Kolkata**

**Date: 25.05.2023**

*Platform for making future ready.....*

The visit aimed to expose students to the practical applications of chemistry in the industrial setting and gain valuable insights into the operations of a renowned chemical manufacturing company. The industrial visit was conducted for 17 students along with 2 faculties from Department of Chemistry, Srikrishna College, Bagula. We arrived at Balmer Lawrie's Kolkata facility at 11am and were warmly welcomed by the company's representatives. Before the plant tour, a presentation was organized which depicted the history of Balmer Lawrie group and particularly in lubrication plant how chemistry inevitable in day-to-day activities.

Balmer Lawrie & Co. Ltd. is a diversified conglomerate with a rich history spanning more than 150 years. It is one of the leading manufacturers and suppliers of industrial chemicals, lubricants, and packaging products in India. During our visit, we had the opportunity to witness firsthand the diverse range of products and services they offer.

The highlight of our visit was the comprehensive tour of Balmer Lawrie's manufacturing unit. We were guided through various sections of the plant, including the production, quality control, and packaging units. It was enlightening to observe the state-of-the-art machinery and sophisticated processes involved in chemical production.

The students had the privilege of engaging in interactive sessions with the company's experienced chemists and engineers. They shared valuable insights into the chemistry behind various products and explained the quality control measures employed to ensure the highest standards. The industrial visit provided our students with invaluable exposure to real-world applications of chemistry. They gained a deeper understanding of industrial processes, safety protocols, and quality assurance procedures. The visit also inspired them to consider career prospects in the chemical industry.

All students express their sincere gratitude to Balmer Lawrie & Co. Ltd. for their warm hospitality and willingness to share their knowledge and expertise. This industrial visit was an enriching experience and facilitating this educational opportunity for our students.
