Action Plan For gender Sensitization

Academic Session 22-23

As a conscious society, we all know that gender equity promotes balanced development and a sustainable society. The Institute aims to help provide gender equity by conducting seminars, debates, and group discussions for both boys and girls on a single platform, an awareness program on women's empowerment and gender sensitivity, cybercrime and self-defense. This year following initiatives have been taken for the promotion of gender equality:

1. To organize seminars On various Issues of Harassment related issues By Various departments.
2. To organize a POSH training program.
3. An interactive session On Women's Hygiene
4. Installation of Sanitary Pad Vending Machinery in students' common rooms in the main Building as well as the Geography Building.
5. To increase Safety measures for Girls' Students.
