Introduction

In the digital age, cyber security has become a critical concern for individuals and organizations alike. To address this pressing issue, the Internal Quality Assurance Cell (IQAC), the Department of Computer Science, and the Alumni Association of Srikrishna College, Bagula, jointly organized a **Cyber Security Awareness Program** on 26th August 2023 in the college auditorium.

The event aimed to educate students, faculty, and alumni about the importance of cyber security, common threats, and best practices to stay safe in the digital world.

Program Highlights

1. Inauguration

The program commenced with a welcome address by the President Anup Kumar Bhadra, followed by Dr. Sukdeb Ghosh, Principal of Srikrishna College and Chief Guest IPS Dr. K Kannan ,IPS, SP Ranaghat, emphasizing the significance of cyber security in academia and beyond. This was followed by a brief overview of the event by the Coordinator of IQAC, who highlighted the collaborative efforts of the organizing bodies.

2. Keynote Address

The keynote address was delivered by **Ujjal Kumar Das and Barun Kumar Pal**, a faculty member of the Department of Computer Science. He provided an insightful introduction to the evolving landscape of cyber threats, sharing real-world examples and emphasizing the importance of awareness and vigilance.

3. Technical Sessions

The program featured two technical sessions:

- **Session 1: Understanding Cyber Threats**
Led by **Ujjal Kumar Das**, faculty member of Department of Computer Science, this session focused on identifying and understanding common cyber threats such as phishing, malware, ransomware, and social engineering.
- **Session 2: Best Practices for Cyber Safety**
Conducted by **Barun Kumar Pal**, a faculty member, this session provided

practical tips for securing online accounts, creating strong passwords, managing digital footprints, and identifying fraudulent activities.

4. Interactive Q&A Session

Participants actively engaged in an interactive Q&A session where they shared their concerns and sought expert advice on various cyber security issues.

5. Hands-on Workshop

A hands-on workshop was organized to demonstrate the use of basic tools for detecting and mitigating cyber threats. Participants learned how to perform basic security checks and safeguard personal and professional data.

Participation

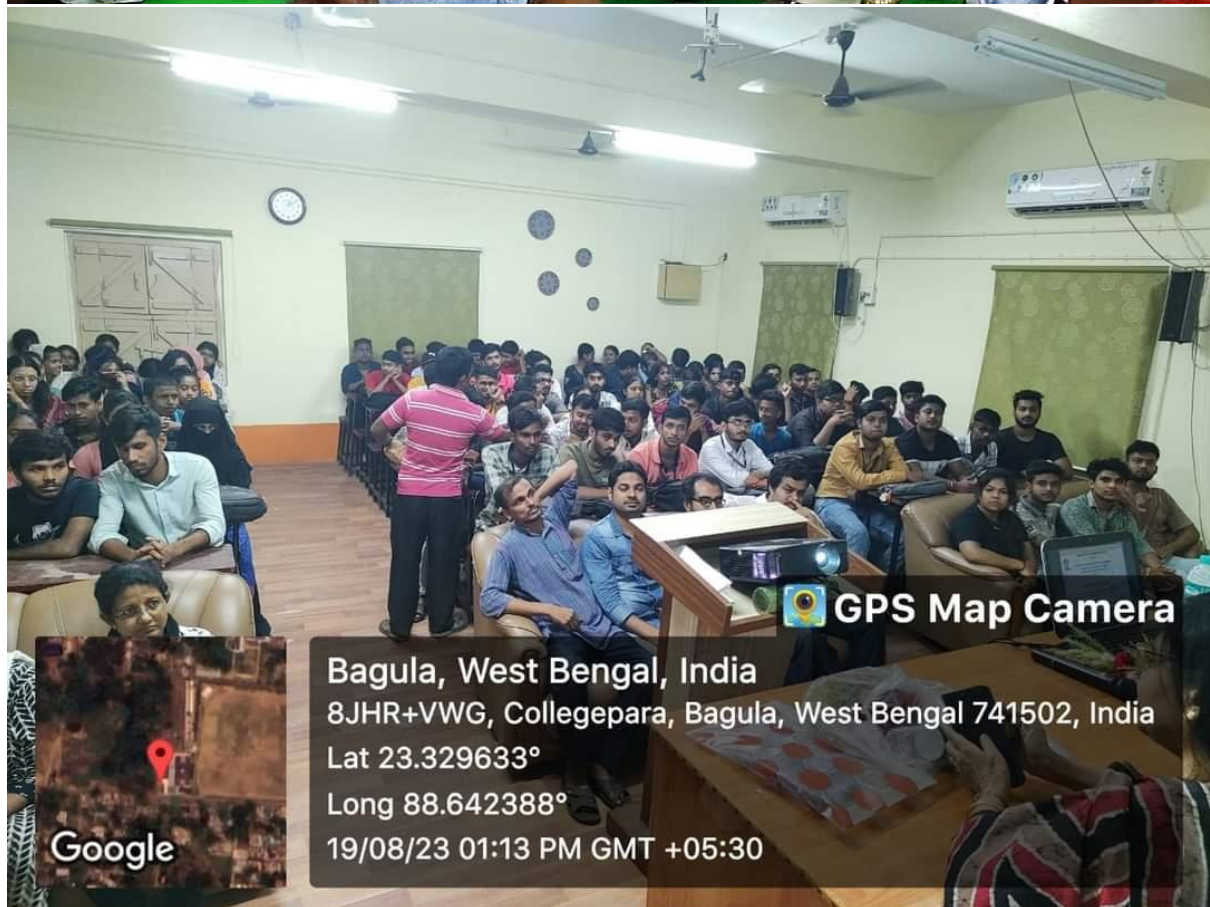

The event witnessed enthusiastic participation from students, faculty members, and alumni. Over 150 attendees benefited from the discussions and practical insights provided during the program.

Conclusion

The program concluded with a vote of thanks by the Head of the Department of Computer Science, expressing gratitude to the speakers, organizers, and participants for making the event a success. Feedback from attendees highlighted the relevance and effectiveness of the program in enhancing their understanding of cyber security.

This collaborative initiative underscored the commitment of Srikrishna College to promoting digital literacy and safeguarding its community against cyber threats.

6. SPECTRA 2024, National Science Day Celebrations: One Day Seminar 15/03/2024

- National Science Day is celebrated on 28th February every year to remember Sir C.V. Raman's breakthrough discovery of Raman effect. Sir CV Raman won the Nobel Prize in Physics in 1930. The Department of Physics, Sri Krishna College organized a two-day science program named "SPECTRA-2024" to celebrate the National Science Day on 15/03/2024 and 16/03/2024. The two-day event was inaugurated by the honorable Principal Dr. Sukdeb Ghosh, Smt. Pushpita Mahato of the Faculty of Internal Quality Assessment, Shri. Arijit Chowdhury, Secretary of the College Teachers' Council and Head of the Department of Physics Dr. Sujay Pal. Hon'ble Principal inaugurated the first day function by inaugurating "Polaris", the wall paper of Physics Department. Through this wall paper, it has been highlighted how with the help of science and technology, it is possible to establish progressive development by using the natural resources of the present world. In the next part of the program, a valuable and well-thought-out scientific lecture was presented by Dr. Sudip K. Garain, Department of Physical Sciences, Indian Institute of Science Education and Research, Kolkata. The topic of his talk was "High Energy Sky", a major topic in recent space research. The third phase of the program then began with a departmental student seminar focusing on India's progress in science and technology. The program of the first day ended with vote of thanks by Dr. Tushar Kanti Bose.
