The College is aiming at providing affordable and quality education to all layers of society. With this goal, there is a merit-based selection of students from all communities with different socio-economic backgrounds. Seats are reserved following the reservation rules. The free ship is given to eligible students in need to ensure that economically backward students are not deprived of education due the financial constraints.

Cultural programmes on Republic day & Independence Day are organized as a joint effort that lays much emphasis on social harmony and awareness of the rich heritage of our country while at the same time inculcating a collaborative work environment and improving organizational and leadership skills. Celebration in the form of either competition (creative writing, poster making) or students' presentation along with different cultural programs on the occasion of various days like International Women's Day, International Mother Language Day, Rabindra Jayanti, Basanta Utsav, etc. showcases the effort to not only acknowledge socio-economic diversity but also promote harmony and subsequent awareness.

NSS team actively encourages the students to work with people from diverse socio-cultural backgrounds to improve society and make a better tomorrow. With this aim, this year NSS organized a two-day webinar on "Webinar on Covid 19 and Black Fungus" and an online "Red Ribbon Club Programme".
