Objectives of the Event: The Orientation Programme was organized with the following objectives:

- To warmly welcome the newly admitted First Semester Mathematics (Major) students to the department.
- To facilitate a smooth transition from school life to higher education.
- To familiarize students with the Department of Mathematics, its faculty members, and academic environment.
- To introduce students to the college campus, ICT facilities, library, laboratories, and other institutional resources.
- To provide information regarding the curriculum, examination system, attendance rules, and departmental activities.
- To encourage interaction among students and faculty members, fostering a sense of belonging and community.
- To guide students regarding academic planning, discipline, and opportunities for holistic development.
- To motivate students to actively participate in curricular, co-curricular, and extracurricular activities throughout their academic journey.

Description of the Event: The Department of Mathematics, Srikrishna College, Bagula organized an Orientation Programme for the newly admitted First Semester Mathematics (Major) students on 09 September 2025 at 11:30 AM in the ICT Classroom. The programme was designed to ensure a smooth transition of the new students into college life by familiarizing them with the department, the institution, and the academic environment.

The programme began with a warm welcome to the freshers by the faculty members of the Department of Mathematics. The students were introduced to the vision, mission, and academic objectives of the department, along with its commitment to fostering excellence in teaching, learning, and research. Faculty members interacted with the students and encouraged them to approach their undergraduate studies with enthusiasm, discipline, curiosity, and a scientific outlook.

An informative session was conducted to acquaint the students with the undergraduate curriculum, the Choice Based Credit System (CBCS/NEP, as applicable), examination and evaluation procedures, attendance requirements, mentoring system, departmental activities, and academic expectations. Students were also informed about various opportunities available through seminars, workshops, educational tours, student seminars, cultural activities, and extension programmes conducted by the department and the college.

As part of the orientation, students were taken on a departmental and campus tour, where they were introduced to important facilities such as classrooms, the ICT-enabled classroom, the college library, administrative office, and other essential student support services. The programme also included academic advising sessions, during which faculty members addressed students' queries regarding subject selection, study strategies, career prospects, and higher education opportunities in mathematics.

The orientation further provided opportunities for students to interact with their peers and teachers through informal discussions and introductory sessions. These activities helped create a friendly and supportive learning environment while encouraging students to build meaningful academic relationships from the very beginning of their college life.

Approximately 20 students participated enthusiastically in the programme. Their active involvement in the discussions and interactive sessions reflected their eagerness to begin their academic journey in the Department of Mathematics.

The Orientation Programme concluded with a vote of thanks, expressing gratitude to the faculty members and students for their enthusiastic participation. Overall, the programme successfully achieved its objective of preparing the students for a productive, engaging, and enriching undergraduate experience.

Outcomes of the Event:

- Newly admitted students became familiar with the Department of Mathematics, its faculty members, and institutional facilities.
- Students gained a clear understanding of the curriculum, academic regulations, and evaluation system.
- The programme reduced anxiety among new students by helping them adapt comfortably to the college environment.
- Participants developed confidence in interacting with faculty members and fellow students.
- Students became aware of the academic, cultural, and co-curricular opportunities available in the department and the college.
- The orientation fostered a sense of belonging, teamwork, and academic responsibility among the participants.
- Students were motivated to pursue their studies with discipline, curiosity, and a commitment to academic excellence.
