Recommendations:

1. Visible improvement has been seen in Teaching and Learning aid. Though a section of students feels that more improvement can be done in this section. Teaching Faculties are recommended to use ICT as much as possible.
2. A fraction of students feel that improvements can be done in job coaching. Career and Placement Cell are advised to give utmost importance in that regard.
3. Though most of the students are happy with the facilities like Digital Library, Internet facility etc, adequate arrangements have to made to accommodate more & more students.
4. Class tour & educational tour are those areas which still require proper attention. We believe proper planning and execution can bring sunshine.
5. A section of students is not happy with the canteen. So, a regular overview may be required to neutralize their concern.
